To Whom It May Concern;

The Plymouth Brethren Christian Church has been part of the Northlake Community for approximately 40 years and have been great neighbors and members of the community. Their church has presented little or minimal effect on traffic or disruption to the neighborhood and surrounding area. In fact, their activities are so low keyed, that you forget that they are even there. I'm sure that with well thought out landscaping and good design that their facility will blend into the neighborhood and soon become woven into the fabric of the community as they were in Northlake.

Yours truly,

Jeffrey T. Sherwin
